EDUCATION

West Chester University | West Chester, PA

B.S. in Computer Science **May 2026**

Relevant Courses: Android App Development, Software Engineering, Artificial Intelligence, Data Structures & Algorithms, Operating Systems

TECHNICAL SKILLS

Programming Languages: Java, Python, C, Haskell, SQL, JavaScript, Kotlin, HTML

Technical Tools: GitHub, Android Studio, Docker, VS Code, Node.js, MySQL, React, Unity

PROJECTS

Orthoforge Application — Android Application | Client Based Application **February 2026**

- Built a client-based Android application to support orthopedic healing-session tracking and sensor-assisted scan workflows using BLE (Bluetooth Low Energy).
- Integrated patient-side UI screens for logging healing sessions, guiding scan setup, and displaying real-time position feedback from sensor data.
- Designed scan-timing logic that starts only after the patient remains in the target arm position for 3 seconds and resets if movement leaves the acceptable range.

Ethan Witkowski Portfolio Application —Android Application | Personal Application **January 2026**

- Designed and developed a personal portfolio Android application to showcase projects, technical skills, and contact information
- Developed interactive UI components and applied structured architecture principles to organize content efficiently while ensuring responsive user experience

WORK EXPERIENCE

PA Dominion FC, Harleysville — Soccer Coach **2020 - Now**

- Coached youth athletes, developing their skills through structured training sessions and competitive matches.
- Fostered a positive team culture, focusing on personal development, discipline, and teamwork.

YMCA, Phoenixville — Camp Counselor **2022 - 2024**

- Led and supervised groups of children during camp activities, ensuring their safety and promoting an inclusive and positive environment.
- Developed and facilitated educational and recreational programs, fostering teamwork and personal growth. Culture, focusing on personal development, discipline, and teamwork.

EXTRACURRICULAR EXPERIENCE

PA Dominion Leadership Council **2019 - 2022**

- Chosen by my soccer team for demonstrating leadership potential, participated in community service projects aimed at giving back and making a positive impact. Worked collaboratively with peers to address local needs and foster community growth.

Rotary Youth leadership **2023**

- Selected by my teacher for showing strong leadership abilities, took part in activities designed to strengthen and uplift our community. Engaged in team-building initiatives that promoted personal growth and community involvement.
